Solvents, Varnishes, Stains  
Button, Ni-Cad, and Rechargeable  
Batteries  
Smoke Detectors

...And much more...give a call or  
visit <http://hhw.uvlsrc.org>

**WHAT NOT  
TO BRING:**

**Alkaline batteries:** Most non-rechargeable batteries such as AA, AAA, C, D, and 9-volt batteries are trash in NH. If in doubt, just bring to collection.

**Ammunition and explosives:** Contact local police or fire.

**Asbestos:** Contact NH DES at 271-1370 for disposal info. Ask if a private hauler is working in your area who might take your asbestos.

**Automotive batteries:** Take to parts store for cash back.

**Empty aerosol cans:** Can be recycled with scrap metal. Talk to your town.

**Fluorescent lights:** May be taken at your town facility. Check with your town. Food Co-ops and Home Depot take may take CFLs (spiral bulbs), not tubes.

**Latex paint:** Use kitty litter, sawdust, or shredded paper to dry out latex paint, then throw in your trash. Empty, dry metal cans may be recycled as scrap metal at your recycling facility. If it says "clean up with soap and water," it's latex.

**Medicine:** See [www.twinstatesafemeds.com](http://www.twinstatesafemeds.com) for police stations taking meds.

**Medical sharps:** Place in a rigid container such as a detergent bottle with cap, seal cap with duct tape, and label container with marker, "Sharps, not for recycling." Dispose of with regular trash by handing to a waste collector. See [www.nh.gov/medsafety](http://www.nh.gov/medsafety). Can now drop off at Lebanon Police Station.

**Propane or helium tanks and fire extinguishers:** Propane can be exchanged or refilled at a distributor; or contact town transfer station about empty tanks.

**Spray insulation tanks:** Empty before taking to transfer station for scrap.

**Used motor oil:** Take to town transfer station or garage for recycling.
